

# SERVING THE EDUCATION COMMUNITY IN MANITOBA FOR 25 YEARS

# 25

## Collaborating Together to Support Technology in Learning

- We support the use of technology for education by providing Consulting and Technical Training, Provincial Licensing and Purchasing, Internet Access, Hosting and Security services.
- More than 200,000 students and educators use MERLIN as their Internet gateway.
- Every Manitoba school division is enrolled in our Partner Program resulting in savings for all.
- Our services lend to economies of scale and consistency in IT provincial standards for school divisions and post-secondary institutions.
